

Crystal Light Therapy[®]

WHAT IS CRYSTAL LIGHT THERAPY?

Crystal Light Therapy is the only authentic crystal treatment that takes working with crystalline energy to new heights. A Crystal Light Therapy goes beyond current types of stone treatments, taking clients on a deeper spiritual journey due to the nature of how crystals support the body, mind & spirit. Our international company concept on Colour Vibrational Energy™ healing bridges the gap between the physical and metaphysical realms of the crystal world. We teach how to honour, cleanse, protect and use the crystals in a safe manner to perform a complete Crystal Light Therapy treatment on clients. Taught as 3 different treatments.

CRYSTAL LIGHT THERAPY IS NOT YOUR AVERAGE STONE THERAPY!

- ◆ Crystal Light Therapy is an approved continuing education provider for CEU credits, for the National Certification Board of Therapeutic Massage & Bodywork (NCBTMB) in the USA.
- ◆ It's an energy treatment that helps to release blockages & stress, from the physical body to the spiritual bodies.
- ◆ It's a deep cellular massage treatment, which combines the use of light and colour, crystals and toning.
- ◆ It's a therapy method that lessens physical strain on the arms and hands of the massage practitioner.
- ◆ Crystals help release trauma, shock, anxiety and other energetic imbalances stuck in a person's field.

WHAT PEOPLE HAVE TO SAY ABOUT CRYSTAL LIGHT THERAPY

"I had been looking for an enlightened course relating to crystals for at least 2-3 years and signed up for the workshop with Patricia as soon as the date was set.... I think Crystal Light Therapy (CLT) is the Cadillac of "Complementary Healing" modalities. With CLT my clients come out of a session cleansed and ready to tackle the world and its issues.... I charge \$145CDN for my CLT treatment and once my clients try it they continue to request this treatment over others.... I love CLT and it will be a most valued tool throughout the rest of my life. Thank you Patricia and Susanne!"

Donna Harms, Spa Owner, CLT Practitioner, Certified Reflexologist and Shiatsu Practitioner, Reiki Master – Armstrong, BC

"Crystal Light Therapy is not only a treatment but a spiritual journey. The classes were taught with both knowledge and great wisdom. I am grateful for these sessions as they were healing and life changing. As a certified practitioner I am now aware of just what my client can experience. It is definitely an enlightening path for both giver and receiver "

Betsy DeLucca, Aromatherapist & CLT Practitioner – Vancouver, BC

"I was skeptical about the concept of Crystal Light Healing at first. I have been writing about spas since 1975. Patricia's approach impacted me in a way that cannot be generalized. I highly recommend you experience Crystal Light Healing for yourself!"
